Washington, February 4.—In the Senate, a bill was passed, ordering the Secretary of the Treasury to withhold monies due defaulting States. A resolu-tion was passed, calling on the President for information regarding Georgia. The

Iranking privilege was up.

In the Senate, the proceedings of the Cooper Institute meeting in New York, asking recognition of Cuba, were presented. Several bills affecting the District of Columbia were reported. Franking was resumed, and Sherman moved an amendment, that the bill should not interfere with the free circulation of papers within twenty miles of publication; no action. Adjourned to Monday. In the House, the Committee on Mili-

tary Affairs was ordered to inquire what members of Congress had offered for sale appointments to the military or naval ademies. A bill for the relief of the poor, authorizing the Secretary of War to issue rations, passed. The House meets to-morrow for debate only.

The following important action, show

ing a softening with regard to the test oath, is reported fully: Mr. Bingham, from the Judiciary Committee, reported a bill to relieve Francis E. Shoeber, Representative from the Sixth North Carolina District, of the necessity of taking the iron-clad oath, and that he be admitted to his seat upon taking an oath to support the Constitution. Paine made the point of order that this was not a private bill, but it affected the organization of the House. The Speaker overruled the point of order. Paine appealed from the decision. On motion of Mr. Cox, the appeal was laid on the table. Paine said the matter was now before the Election Committee, and thus proposed to relieve Mr. Shoeber of his disabilities. Bingham said the Judiciary Committee had investigated the matter, and was satisfied Mr. Shoeber labored under no disabilities imposed by the fourteenth amendment to the Constitu-tion. He was a member of the North Carolina Legislature, and could not, therefore, take the oath; but his course had always been that of a friend of the Dewees said Shoeber was not subject to any disabilities under the four-teenth amendment. The Chair, in anwer to inquiries, stated that the passage of the bill would not prevent the Elec-tion Committee from further examining Mr. Shoeber's credentials, and reporting upon his right to a seat. Annell moved to lay the bill upon the table; agreed to ayes 89; nays 78.
